AI Product & Technology Executive | CTO / VP Engineering

Nairobi, Kenya | jazzyy@gmail.com | +254 700 689874 | [linkedin.com/in/nii-amon-dsane-69737031a](https://www.linkedin.com/in/nii-amon-dsane-69737031a)

Summary

Technology executive with 15+ years building products, platforms and teams across social commerce, fintech, marketplaces, digital health and media. Co-founder and CEO of Sellogram, a work agent for social-commerce sellers. I lead product strategy, new-product delivery, product development and engineering organisations.

Focus

LLM-based product delivery • Product context and structured workflows • Product roadmaps
• New-product delivery • Engineering leadership • Multi-partner integrations • Payments and marketplaces

Experience

Sellogram | Nairobi, Kenya

Co-founder & CEO | Jul 2025 – Present

- Lead product strategy and delivery for a work agent that supports sellers on Instagram, Facebook and WhatsApp.
- Built the product approach for customer conversations, product and stock questions, orders, payments and deliveries.
- Use posts and reels to extract product information and build product context for social sales teams.

Peach Tech Ltd | Nairobi, Kenya

Chief Technology Officer | Dec 2023 – Mar 2025

- Led Product, Engineering and IT as an executive-team member for a managed used-car marketplace.
- Led delivery of a new web app and vehicle intake and assessment tools, the first delivered components of the marketplace operating system.

Bridge Technologies Limited | Nairobi, Kenya

CTO & VP of Engineering | Jul 2022 – Jan 2023

- Set product and technology strategy for API-driven payments, remittances, wallets and currency-swap services.
- Delivered an MTN Group and MFS Africa cross-border remittance integration with potential reach to 70M subscribers in Nigeria.
- Recruited a team and reached 80% completion of two consumer apps, a merchant app and a payments and remittance API suite in 3 months.

Living Goods | Nairobi, Kenya

Director, Software Engineering | Oct 2019 – Apr 2021

- Executed technology strategy for direct operations and technical-assistance programmes in digital health.
- Grew a distributed team across engineering, data science, QA, design, product and project management.

Earlier leadership experience

- **CTO, Kwara** | 2018–2019 — Led a five-person team and delivered architecture and a technical roadmap for a core-banking platform.
- **Group Head of Development, Radio Africa** | 2016–2018 — Led a 12-person team and built digital products, including music streaming and mobile-money billing systems.
- **Consultant, Genkey Africa, CoreNett and Rancard** | 2006–2016 — Built data, fintech, mobile-wallet, biometric-registration and messaging products across Ghana, Djibouti and Kenya.

Technology

LLMs, context engines, RAG, DSPy, LangGraph, Ruby, Python, TypeScript, Kotlin, Java, Rails, Spring Boot, RabbitMQ, Erlang/OTP and Elixir.

Education

Ashesi University College, Accra, Ghana — B.Sc. Computer Science, Cum Laude | 2005
